07/2017 - 04/2019   *1028/1100*

PERSONAL PROJECTS

Analysing Customer Churn in Tableau
(05/2023 - 05/2023)
- I investigated a dataset from an example telecom company called Databel and analyze their churn rates.

Analyzing Job Market Data in Tableau
(06/2023 - 06/2023)
- I used visualization techniques to investigate the data to find out what skills are most in-demand for data scientists, data analysts, and data engineers.

Investigating Netflix Movies and guest stars in the office
(04/2023 - 04/2023)
- I analyzed the "watch next episode" recommendation to find out if Netflix movies are getting shorter over time and which guest actors are featured in the most watched "The Office" episode.
