Namal University Mianwali

08/2020 - 08/2024

Major Courses

- Fundamental Programming
- Data Structures and Algorithm
- Software Engineering
- Cyber Security
- Human-Computer Interaction
- Object Oriented Programming
- Database
- Computer Networking
- Artificial Intelligence
- Machine Learning

Higher Secondary Certificate

Govt High School Dhok Ali Khan

04/2016 - 05/2018

1010 out of 1100

Intermediate Examination FSC

Superior Group Of Colleges Mianwali

05/2018 - 05/2020

1005 out of 1100

SKILLS

Python

React Js

Node Js

Database

HTML

CSS

JavaScript

Linux

Git

Data Mining and Analysis

PERSONAL PROJECTS

FYP: E-commerce Website using Modern technologies (10/2023 - Present)

- Our project aims to develop a comprehensive E-commerce platform utilizing AI and modern web technologies. It offers user-friendly product listings, integrated search functionality, secure messaging, payment integration, rating/review systems, and personalized recommendations. Leveraging Python, JavaScript, Node JS, React JS, and Mongo db.

A 2D Snail Game AI Agent Vs Human [Python] (2022 - 2023)

- Created a 2D game featuring an AI Snail-bot developed in Python. .

Implemented a Google search engine (04/2021 - 04/2021)

- I Implemented a Google search engine using Python and the DSA to extract data from web pages and rank search results

CERTIFICATES

Problem Solving [Basic] (2022 - 2022)

Data Wrangling Hackathon (2021 - 2021)
