

As a student of BS mathematics I aim to solve problems with a logical and realistic approach and to delve the traditional education system with my education skills. I also aim to resolve the future challenges of Agricultural system of Pakistan. My interdisciplinary approach aims to optimize agricultural practices while embracing the values of sustainability and human welfare, ensuring impactful contributions to any project or team.

EDUCATION

Bachelor of Science in Mathematics Namal University, Mianwali

09/2020 - Present

Mianwali

Courses

- Calculus 1-
- Partial Differential Equatio
- Principle of Science
- Machine Learning
- Real Anaylaysis 1&2
- Probability and Statistics 1&2
- Abstract Algebra 1&2
- Accounting and Finance

WORK EXPERIENCE

Teaching in Hometown Mianwali

07/2020 - 02/2021

Hometown

Building Confidence

- Motivated students to cope with future challenges
