## PROJECTS

Internship Project: Customers Privacy Breach By  
Organization Employees (06/2022 - 08/2022)

- During my internship at NADRA I found out the employees that were breaching the customer privacy and were extracting unnecessary information from family tree.

FYP: PDF Chatbot that Provides Documents Based  
Conversation (10/2023 - Present)

- In collaboration with AITEC, we deployed intranet application to encounter privacy concerns because of online commercially available AI tools.
