## SUMMARY

"Experienced electrical engineer with a passion for designing innovative solutions and optimizing electrical systems for efficiency"

## SKILLS

- Calculate and analyze the load of whole university.
- Buck-Boost converter.

### Tools:

- Modelsim
- LTSpice
- MATLAB
- ETAP
- Multisim
- PSpice
- OrCAD
- Logisim

## EDUCATION

**Namal University Mianwali**

BS Electrical Engineering

2020-Present

## WORK EXPERIENCE

### Work as an Intern in WAPDA

2023

- Learnt the working of WAPDA system by working in different sections of WAPDA.

### Work as Intern in CESD EE internship in collaboration with 10X Engineer

2022

- Learnt the subject of Missing Semester of CS education, Verilog Language and Application.

## CERTIFICATES

- Certificate of Completion for completing 6 Weeks CESD Internship program
- Certificate of Completion for completing 6 Weeks WAPDA Internship program
