Rahim Yar Khan, Pakistan

I am an aspiring professional with a strong foundation in applied mathematics and a passion for design. I am currently pursuing a B.Sc. in Mathematics while simultaneously honing my skills in UI/UX design through Google's course. This unique blend of analytical thinking, problem-solving, and creative vision allows me to approach challenges from both a logical and user-centric perspective, making me a valuable asset in both technical and design-oriented fields.

EDUCATION

BS Mathematics Namal University Mianwali

08/2020 - Present

Courses

- | | |
|--------------------------|-------------------------|
| - Dynamical Systems | - Linear Algebra |
| - Differential Equations | - Calculus 1,2,3 |
| - Discrete Mathematics | - Accountings & Finance |

WORK EXPERIENCE

Student Head of HR Namal Mathematical Society

02/2023 - 01/2024

Internship Namal Physics Lab and Training Center

05/2022 - 06/2022

Student Head of Operational Manager, Executive

Namal Center of Excellence and Skills
Development

10/2021 - 05/2022
