Investment Analysis & Portfolio Management

PROJECTS

Real-Time Investment Portfolio Management System (EXCEL) (03/2025 - 06/2025)

- I created an interactive Excel dashboard with a robust investment backend for real-time tracking of market trends, portfolio performance, and asset allocation, enabling smarter, data-driven investment decisions.

Data-Driven Sales Performance Dashboard with Predictive Insights (PoweBI) (12/2024 - 02/2025)

- Created an interactive Power BI dashboard for sales tracking, revenue forecasting, and KPI analysis, uncovering insights into sales trends and customer segmentation for better decision-making.

Financial Statement Analysis & Performance Monitoring Dashboard (EXCEL) (09/2024 - 12/2024)

- Created an Excel financial dashboard for analyzing balance sheets, income statements, and cash flows, including liquidity, profitability, and trend analysis.
